## Business Media Phones

Upper managers also need many communications options. The Yealink T46's display and media capabilities provides them the options to fit their needs.

### Revolutionarily new design

Medtel Communications' SIP Phones continue to evolve, the Yealink T46's have been designed by pursuing ease of use in even the tiniest details, these new design include paper label free design, new foot stand allows two positions for the device, non-slip rubber feet, ergonomic recessed buttons, etc.

### HD Audio

Yealink T46's HD Voice refers to the combination of software and hardware design as well as the implementation of wideband technology to maximize the acoustic performance. Coupled with advanced acoustic clarity technology such as full duplex, echo cancellation, adaptive jitter buffer etc. Creating an amazing face-to-face live experience.

### A rich visual experience for applications

The Yealink T46 supports vast productivity-enhancing features such as XML Browser, SCA, BLF, List, call forward, call transfer, 3-way conferencing, the 4.3 inch backlit color display enables rich visual presentation and easier navigation of the menu. Three pages of 10 flexible buttons are shown on the display can be programmed up to 27 various features.

### Advanced connectivity

For network connectivity, the Yealink T46 comes with two Gigabit Ethernet ports, one of them suitable for Power over Ethernet. Supports a variety of device connections, including EHS headset and USB. User enable Bluetooth headset through USB Dongle. Supports up to 6 Expansion Module, adding up to 240 additional buttons with a screen based LCD display and LED system.

### Highly secure transport and interoperability

The Communicator uses SIP over Transport Layer Security (TLS/SSL) to provide service providers the latest technology for enhanced network security. The range is certified compatible with 3CX, Asterisk and BroadSoft Broadworks, ensuring excellent compatibility with leading soft switch suppliers.

### Benefits

- Revolutionarily new design
- Yealink HD voice
- Dual-port Gigabit Ethernet
